

Hello and welcome to Hubbard Public Library's Home Delivery Service.

Please fill out the Home Delivery Application to help us learn about your reading/listening/viewing preferences. Also, never hesitate to call us with requests for books or other materials. We do our best to fill your delivery bag with items you have requested but if they are new items that are in high demand, we can only add your name to the waiting list, along with other Hubbard patrons.

You will see the white Hubbard Public Library Delivery van arriving once every four weeks, always on a Wednesday afternoon. We will provide you with a calendar of our delivery dates. If you have specific delivery instructions, please make sure to include them on the Home Delivery Application.

Fill out the next two pages and return to the library. Also, please feel free to make notes and include them in your return bag to help us better serve you. Should we send more items? Did we select a book or author that just didn't work for you? Did we send a video that really DIDN'T suit your viewing tastes? (it is often easier to create your favorites list by knowing which titles you DO NOT care for). Do not hesitate to call us if you have any questions.

Thank you,

In the Home Delivery Department, we keep a list of books you have recently read, so that we do not make the mistake of sending you the same title more than once. The only person who sees that list is the one selecting books for your next book bag.

Now, in the current atmosphere of public rights and privacy issues, we must have on file written permission to keep such a list. Please read the statement below and sign fill out the information requested.

Thank you.
